Bilateral Meetings

- **BUSINESS MEETINGS.** Please fill the cooperation profile

Description

Established in 1977, SELVOLINA s.a.s. has a production process fully guaranteed by "MADE IN ITALY" standards. The founders are still the present owners. Thanks to our long experience in the field of metal structures combined with our quality control on products, we were successful in achieving the ISO 9001 QUALITY CERTIFICATION, the ISO 3834-2 WELDING CERTIFICATION and the EN 1090-2 PRODUCTION CONTROL CERTIFICATION (CE marking) through BUREAU VERITAS as well as the qualification as a Steel Processing Centre issued by the Central Technical Service (Italian Ministerial Authorization no. 3002/14). Our wide and versatile product range has been developed in terms of safety, modularity, handling and strength. Selvolina produces and sells: platforms - dance floors - stages - covers - tribunes - gazebos - tunnels - shading and photovoltaic panel shelters - trusses for furniture, events and shows - tables - benches - chairs - rotating platforms - special structures. Updated Selvoline catalogues can be downloaded from our website www.selvoline.com

Request

We're looking for distributors of steel and alu structures

We are looking for distributors, dealers and retailers.

Selvolina produces: platforms - dance floors - stages - covers - tribunes - gazebos - tunnels - shading and photovoltaic panel shelters - trusses for furniture, events and shows - tables - benches - chairs - rotating platforms - special structures

SELVOLINE® dealers can rely on a qualified marketing support, including product catalogues, technical videos, operation manuals, displays, samples for showrooms.

A lot of videos showing the quality, easy assembly and various applications of our products can be viewed on the VIDEO page of our website www.selvoline.com.

Quick and easy to consult, the SLIM catalogue presents a synthesis of our range of products, which are described and illustrated in detail in the general catalogue.

The technical features of each item are available in the dedicated catalogues.

All SELVOLINE catalogues can be downloaded from our website www.selvoline.com.
